### New Testament Overviews - 32 videos

The New Testament is not a whole "new" story; rather, it's a continuation of the biblical story introduced in the Old Testament. The Old Testament, also known as the Hebrew Bible, tells an incomplete story about God and Israel and their continual failings to be the people God calls them to be. But it also gives us hope of a coming Messiah, and the New Testament tells the story of that long-awaited Messiah, Jesus.
